SUMMARY

Electrical Engineering undergraduate at Knowledge Institute of Technology (CGPA: 8.21) with hands-on full-stack experience in Spring Boot, REST APIs, and PostgreSQL, building production-ready systems including a civic issue reporting platform and a QR-based vehicle access solution. Interested in developing scalable, data-driven applications for logistics and supply chain optimization. Seeking a Full Stack Developer Intern role to contribute to freight visibility, workflow automation, and user-centric transportation solutions.

TECHNICAL EXPERTISE

- Technical Skills: Data Analysis, SQL, Business Process Understanding
- Programming Languages: Java, JavaScript, Spring-boot
- Tools and Software : VS Code, MATLAB, GitHub, MS Office(Excel)
- Soft Skills : Quick Learner, Strong Communication, Critical Thinking, Adaptability, Project Management, Leadership

INTERESTED AREA

UI Design | Frontend | Backend | Business Process Analysis | ERP Systems | System Integration

PROJECTS

Civic-issue Reporting System

April 2026 - Present

- Built a Civic Issue Reporting System that allows citizens to report issues in real time and enables admins to track, manage, and resolve them efficiently.
- Role: Worked as a Full Stack Developer using Spring Boot, REST APIs, PostgreSQL, and HTML/CSS/JavaScript.

Portfolio Website Development

Nov 2025 - Dec 2025

- Built a personal portfolio website to showcase projects, technical skills and professional profile. Designed a responsive user interface using HTML, CSS and JavaScript for better user experience.
- Role: Developed and deployed the portfolio website and structured content for effective presentation.

QR-Based Bike Ignition System

Feb 2025 - July 2025

- Developed a QR-based bike ignition system to enable secure, keyless vehicle access with a mobile dashboard.
- Role: Handled circuit integration for QR-based secure bike ignition system and developed frontend design for better user interaction.

INTERNSHIP

Hocus Pocus VFX Pvt. Ltd., Chennai
Intern | 10 Days

February 2026

- Assisted in coordinating digital production tasks in a deadline-driven environment; supported client requirement mapping and cross-team execution.
- Gained exposure to structured delivery pipelines and project workflows.

EDUCATION

Bachelor's in Electrical Engineering
Knowledge Institute of Technology - SALEM.
CGPA - 8.21

Sep 2023 - May 2027

H.S.C
Mount Mary Matric Higher Secondary School - SALEM.
Percentage - 83.33

June 2022 - May 2023
